**Sponsors News Letter**  
September 2010

Sponsor's News Letter  
Dear Sponsors,

September October we were able to take the children on another Picnic (Thanks to Lareina in Singapore). We went to a Labuhan Lalang a small harbour some 50 kilometers north east of the Orphanage. Unfortunately the tide was out and too windy for the planned trip to a nearby island so we went to a local 'hot springs' to enjoy the water there.

I continue to explore options for the future and hope to have an official 'Charity Foundation' in the next year. This will ensure the work helping Alas Kasih will continue into the future and make it more realistic to hope people may leave money for this with the knowledge the money will continue to be used well in a controlled way. Please feel free to comment on these ideas.

Loren.

**Picnic at Lalang harbour and Hot Springs nearby.**

*Budi's first ever visit to a beach.*

*Filling the pools with very warm water was a lot of fun.*

The children went in 2 buses . Lalang is about 2 hours north of Negara. Unfortunately we missed the tide and past experience told us swimming was out as the kids get leg and foot wounds on the reef. Besides that it was over caste and inclined to drizzle. The kids played a while but the weather called for an alternative. We had heard of a 'hot springs place not too far away and went there. This turned out to be two pools one for females and one for males. Not really good but warm and the children had a swim.

### **Paving of the courtyard.**

Still no real news but I believe some money has been found from a new sponsor. Hopefully well will see action by December. This will be good as another wet season of floods and mud would not be good.

**Sponsor money due to be paid in December 2010**

(I will send a personal e-mail of reminder.

Please try to send money before 15<sup>th</sup> Desember..)
